an important question of the students. What if it is too cold? A student replied “No, we will walk!”

This year to commemorate Menominee Restoration Day the Menominee Indian High School held a Memorial Walk that paid tribute to the Menominee who walked from Keshena to Madison in October of 1971. The original walk to Madison was dubbed as the “Menominee March for Justice.”

“The teachers and staff came up

with the idea, but it was the students who took the lead,” said Mr. Teller. The students decided that armbands were to be worn in honor of the original walkers and the M.I.H.S. Eagle Feather Flag would be in the lead for the entire stretch. The original walkers, family members and the community were extended an invitation to participate with the high school students, teachers and staff.
